## SECTION I

### Makerspaces, Fab Labs, STEM Labs, and Legal Responsibilities

<b>Chapter 1 Introduction .....</b>	<b>3</b>
Educational Movements and Standards Leading to Makerspaces, Fab Labs, and STEM Labs.....	3
STEM Education Defined .....	5
What are Fab Labs, Makerspaces, and STEM Labs.....	6
Benefits of Makerspaces, Fab Labs, and STEM Labs.....	7
Challenges Associated with Makerspaces, Fab Labs, and STEM Labs.....	7
<b>Chapter 2 Legal Overview .....</b>	<b>9</b>
<b>Federal/State Safety Standards .....</b>	<b>9</b>
ADA (Americans with Disabilities Act) .....	9
OSHA (Occupational Safety and Health Administration) .....	10
EPA (Environmental Protection Agency) .....	10
DOT (Department of Transportation).....	10
NFPA (National Fire Protection Association) .....	10
ICC (International Code Council) .....	11
Eye Protection Statutes .....	11
<b>Negligence and Tort Law .....</b>	<b>11</b>
<b>Duty/Standard of Care.....</b>	<b>13</b>
School System/Owner of the Makerspace or Fab Lab Facility.....	15
Administrators.....	16
Instructors.....	16
Students .....	16
Parents .....	16
<b>Proactive and Reactive Defenses Against Torts .....</b>	<b>17</b>
Student Actions .....	18
Instructor Actions .....	19

## **SECTION II**

### **Better Professional Practices and Instructional Strategies**

<b>Chapter 3. Better Professional Practices.....</b>	<b>23</b>
<b>Developing a Legal Paper Trail.....</b>	<b>23</b>
<b>Lab Management .....</b>	<b>25</b>
Recommendations for Better Professional Practices .....	25
<b>Safety Assessments .....</b>	<b>26</b>
Hazards Analysis.....	26
Risks Assessment .....	26
Safety Action.....	26
<b>Innovative Strategies for Teaching Safety .....</b>	<b>26</b>
Warm-Up Activity .....	27
Case Studies.....	27
Practice Accident Scenarios .....	27
Card Sort .....	27
Teaching in Reverse .....	28
Safety Inspection Report .....	28
Risk Maps and Safer Makerspace/Lab Design .....	28
Quick Response (QR) Codes .....	28
Safety Campaigns .....	29
Modification for Students With Disabilities .....	29
<b>Collaborative Approaches for Safer STEM Instruction .....</b>	<b>29</b>
Multidisciplinary Integration.....	29
Interdisciplinary Integration .....	30
Transdisciplinary Integration .....	30

## **SECTION III**

### **Controls for Safety**

<b>Chapter 4. Hierarchy of Safety Controls .....</b>	<b>35</b>
<b>Elimination .....</b>	<b>35</b>
<b>Substitution .....</b>	<b>35</b>
<b>Engineering Controls .....</b>	<b>36</b>
<b>Administrative and Work Practice Controls .....</b>	<b>36</b>
<b>Personal Protective Equipment (PPE) .....</b>	<b>37</b>
Eye and Face Protection .....	37
Respiratory Protection .....	38
Head Protection .....	38
Foot Protection .....	38
Hand Protection .....	38
Hearing Protection.....	38

## **SECTION IV**

### **Hazards in Makerspaces, Fab Labs, and STEM Labs**

<b>Chapter 5. General Safety .....</b>	<b>43</b>
Entry and Exit.....	43
Lighting.....	44
Sound.....	44
Temperature .....	44
Ventilation .....	44
Electrical Power Sources.....	45
Showers and Eyewashes .....	45
Safety Zones.....	46
Storage .....	47
<b>Chapter 6. Biological and Biotechnology Safety .....</b>	<b>49</b>
Dissections .....	49
Microbiology .....	50
Human.....	51
Animal.....	51
Plants/Fungi .....	52
Additional Plant and Fungi Safety Resources.....	53
Biotechnology .....	53
Additional Biotechnology Safety Resources.....	54
Greenhouses .....	55
Additional Greenhouse Safety Resources .....	56
<b>Chapter 7. Chemical Safety .....</b>	<b>57</b>
Purchasing .....	58
Transporting .....	58
Labeling .....	58
SDS and GHS Adoption .....	59
Inventory .....	60
Table 7.1: GHS Pictograms and Hazards.....	61
Storage .....	62
Usage.....	63
Clean Up .....	63
Chemical Disposal .....	64
<b>Chapter 8. Physical Safety.....</b>	<b>67</b>
Glassware/Labware .....	67
Usage.....	67
Cleaning.....	68

Storage .....	69
Disposal .....	69
<b>Thermometers.....</b>	<b>69</b>
<b>Heat Sources .....</b>	<b>69</b>
General Heating Sources .....	69
Hotplates .....	70
Gas Burners and Torches .....	71
<b>Vacuums and Vacuum Pumps, Dust Collectors and Shop Vacuums, Compressed Air, and Gas Bottles .....</b>	<b>71</b>
Vacuums and Vacuum Pumps .....	71
Dust Collectors and Shop Vacuums.....	72
Compressed Air .....	72
Gas Bottles.....	73
<b>Cryogenics .....</b>	<b>74</b>
<b>Radiation.....</b>	<b>74</b>
<b>Lasers and Laser Cutters .....</b>	<b>75</b>
Lasers .....	76
Table 8.1: Laser Classifications, Risks, and Characteristics.....	77
Lasers Cutters .....	78
<b>Stroboscopes .....</b>	<b>79</b>
<b>Magnets and Magnetic Fields .....</b>	<b>80</b>
<b>Electrical Hazards .....</b>	<b>80</b>
<b>Sharps .....</b>	<b>82</b>
<b>Unmanned Aerial Systems (UAS) and Projectiles.....</b>	<b>82</b>
Indoor Flight Activities .....	83
Outdoor Flight Activities .....	84
Projectile Activities.....	84
<b>Hand and Power Tools .....</b>	<b>85</b>
<b>Fabrication Equipment.....</b>	<b>87</b>
Woodworking Equipment .....	87
Metalworking Equipment .....	89
Plastics Equipment .....	94
3D Printers .....	95
Textiles Equipment .....	96
<b>Sound Hazards .....</b>	<b>97</b>
<b>Solid Materials.....</b>	<b>98</b>
Woods .....	98
Metals .....	98
Plastics .....	99
Foam/Styrofoam .....	99

<b>Chapter 9. Dealing with Emergencies .....</b>	<b>101</b>
Burns.....	102
Penetrating Objects .....	102
Swallowed Poisons/Toxins .....	102
Bleeding .....	102
Chemical Exposure .....	103
Shock .....	103
Allergic Reactions .....	103
Seizures .....	103
Amputations .....	104

## **SECTION V**

### **New Facility Construction and Renovations: Recommendations and Examples**

<b>Chapter 10. The Planning Process .....</b>	<b>109</b>
Preparing for Renovations .....	109
Planning and Construction Phases .....	110
Programming Phase.....	110
Visitation Phase.....	110
Planning Phase .....	110
New Construction/Renovations Phase.....	111
Final Inspections and Certificate of Occupancy Phase .....	111
<b>Chapter 11. Recommended Instructional Spaces .....</b>	<b>113</b>
Classroom/Research and Design Area .....	113
Laboratory and Fabrication Area .....	115
Foundry, Metalworking, Welding, and Soldering Area.....	116
Teacher Office and Workroom .....	117
Tool, Equipment, and Material Storage Areas .....	117
Chemical Storage Area .....	118
Table 11.1: Maximum Size of Containers and Portable Tanks for Flammable Liquids.....	119
Project Storage Area .....	119
Finishing Area.....	120
Outdoor Work Area .....	121
Table 11.2: Potential Spaces and Equipment with Size Recommendations for Makerspaces, Fab Labs, or STEM Labs.....	122
<b>Chapter 12. Floor Plan Examples .....</b>	<b>125</b>
Makerspaces for Classrooms and Media Centers Design.....	125
Fab Lab Design .....	126
Elementary STEM Hybrid Classroom/Laboratory Design.....	126

Middle School STEM Laboratory Design.....	127
High School/Higher Education STEM Laboratory Design.....	127
<b>Chapter 13. Example Makerspaces, Fab Labs, and STEM Labs .....</b>	<b>137</b>
Elementary School STEM Classroom and Makerspace.....	137
Secondary School STEM Labs and Makerspaces.....	138
Greenhills Middle School - Ann Arbor, MI .....	138
Greenhills High School - Ann Arbor, MI .....	141
Makerspaces in Non-Traditional Spaces.....	141
Libraries and Media Centers.....	141
Mobile Maker Cart.....	141
Makerspaces in Higher Education Residential Halls .....	142
Community Makerspace .....	144
Fab Labs .....	146
Community College of Baltimore County (CCBC) .....	146
The Catholic University of America: Crough Center for Architectural Studies .....	147
Fab Lab Wgtn, Massey University, New Zealand.....	148
Mobile Fab Lab .....	150
Intermediate Unit (IU) 1: Pennsylvania .....	150
STEM Lab .....	150
Virginia Tech: STEM Education Collaboratory.....	150
<b>Chapter 14. Frequently Asked Safety Questions and Answers .....</b>	<b>155</b>
<b>Appendices/Resources</b>	
Makerspace, Fab Lab, and STEM Laboratory Safety Acknowledgement Form.....	163
Makerspace, Fab Lab, and STEM Laboratory Activity Safety Checklist.....	167
<b>Index.....</b>	<b>169</b>
